Graded Assessment – Communication Networks and Services Quiz, 10 questions

15/15 points (100%)

Congratulations! You passed!	Next Item
2/2	
points	
1. Which of following protocol is HTTP built upon?	
O IP	
О ТСР	
Correct	
Correct. In HTTP, client initiates an HTTP session by opening a TCP connection with which it wishes to communicate	to the HTTP server
With Which to Wishes to communicate	
UDP	
SMTP	
2/2	
points	
2. Which of following requirements are necessary for packet networks to support m	nultiple and diverse
applications?	
Transfer arbitrary message size	
Low delay for interactive applications	

Packets have maximum length

Graded Assessment – Communication Networks and Services Quiz, 10 questions

15/15 points (100%)

Correct

Correct	Refer to	lecture i	on "Comi	nuter N	Network	Evolution"
Con ect.	Welet to	iecture i		puteri	ACCAROLK	LVOIGHOH

	2/2
	points
3. What w	vas the concern of the telephone system that motivated the ARPANET design?
	Scalability
0	Vulnerability
Corre Corre	ect ect. Refer to lecture on "Computer Network Evolution"
	Efficiency
	None of the above
~	2/2 points
4. Which	of the following is an application layer protocol?
0	НТТР
Corre Corre	ect ect. HTTP is used to send and receive data over the network - application layer
	TCP
	DNS
	UDP

Graded Quiz, 10 ques	Assessment - Communication Networks and Services	15/15 points
Cor Cor	rect rect. Every layer adds its own header to the packet from previous layer	
	Rearranged	
~	1/1 point	
8. The	is the physical path over which a message travels	
	Protocol	
	Path	
	Route	
0	Medium	

Correct

Correct. Message travel from sender to receiver through a medium using protocol

Graded Assessment - Communication Networks and Services Quiz, 10 questions

15/15 points (100%)

10.

Which of the following is true for Transport Control Protocol

0

Connection oriented

Correct. Refer to lecture slides

Process to Process

Transport layer protocol

Connectionless
